Divisional Information

The competition year begins on the 1st of September and ends on 31st of August. Your age on 1st September determines which division you will dance in for the competition year. If, through a relevant birthday, you are eligible to move into an older age division, you may move up an age category during the year, however this is not compulsory. Dancers who have a birthday within the dance year, which would enable them to dance in an older age division, may petition World Dance Masters to be allowed to dance in the older division from the start of the competition year. Moving between divisions is allowed although once you have moved into a higher- level division, you cannot move down to a lower division,

Dancers may request to move to a younger age division. Please note, once a competitor has requested and been granted a dispensation to dance down an age division, they must stay in that category for the remainder of the competition year.

If a dancer has been unable to qualify for World Dance Masters Championships due to ill-health or other reasons, a dispensation may be available. Dancers, however, should prove that they were unable to attend the specified number of qualifiers and where applicable, supply medical evidence. Dancers should also have registered for the qualifier they require a dispensation for. Dispensations must be applied for in writing. World Dance Masters' decision will be final.

For World Dance Masters Championships, the division in which you last qualified will be the division in which you must dance. Dancers will only have to move into a higher-level division in the following competition year if they have won three or more competitions where there are 3 or more competitors dancing, a European Dance Masters Title* or a World Dance Masters Title*, although this qualification criteria does not apply to Allstars - see Recommendations and Promotional Rules for further information. Dancers cannot enter more than one solo dance division at an event. (*This only applies if there are three or more competitors in the division).

Championship Qualification

Dancers from the UK & Ireland: must compete at 2 regional competitions to qualify for the World Dance Masters Championships in Solos, Pro-Am and Groups. Pro-Am dancers must dance a full program in order for it to class as a qualifier. Tiny Tots, Rugrats, Starters and Couples competitors currently only need compete at 1 regional event. Dancers must compete at 1 regional competition to qualify for the European Dance Masters. European Dance Masters is now a qualifying event for the World Dance Masters Championships.

Dancers from any country outside the UK & Ireland: must compete at 1 regional competition to qualify for the World Dance Masters Championships in Solo/Pro-Am/Groups. Dancers do not have to qualify for the European Dance Masters. European Dance Masters is a qualifying event for the World Dance Masters Championships. If there is not a qualifying event in your country, you do not need to qualify for the World Dance Masters Championships.

If a dancer qualifies from Advanced Teen at the end of a competition year, they are technically eligible to dance in Allstars Junior Teen. The age requirements have now changed for Allstars Junior Teen – dancers must stay in this division until the year they turn 18, at

which point they may move to the Young Adult division. If dancers do not wish to remain in Allstars Junior Teen until they are 18, they may move to Advanced Young Adult.

Heats & Combining Divisions

If there are not a sufficient number of competitors at a competition, World Dance Masters reserve the right to take heats to a final of 5, rather than 7. If there are not sufficient entries in age divisions, or in Male & Female divisions, age categories and genders will be combined, at the discretion of World Dance Masters.
